Training Yolov11 Instance Segmentation

KRISHAI TECHNOLOGIES

www.krishnaik.in

Yolov11 → Ultralytics → Yolo → You only look once

Yolov12 → Transformed Backend

Yolov11 ← Yolov12 ←

inference   faster

accuracy   better

Key features of Yolov11 :

→ Enhanced feature Extraction

→ optimized Efficiency & speed

→ versatile — Classification, Detection, Segmentation & other

Yolov11 segmentation model training :-

(1) Github →

(2) CLI →

Github:

* Download Yolov11 source code (Github)
* Contribute to the Yolov11 project.
* access to latest updates & features (Beta)
* Examine & Modify Yolov11 code
* Documentation

↓

v.11.00.11.00

CLI : → pip install ⎡ultralytics⎤ →

* Train Yolov11 models. →
* Inference (Easy method) →
* Export (Easy method)
* perform quick & efficient task without extensive python code.
